

Roland's Email Program Registration Form

In an effort to keep the lines of communication open between the Mayor, Council and the residents of Roland, we are experimenting with a "low budget" way of getting short, quick messages to our Roland community. To do this we are proposing an email notification program. Suggested notifications include:

- 1) changes in garbage pick up due to holidays/weather;
- 2) new/amended ordinances;
- 3) City brochures/newsletters, and
- 4) notification of water, sewer and street projects.

This is not a complete listing. If you have any notifications you'd like to be part of this service, please let us know.

This is currently an experiment that we hope will become permanent. This service is currently being done on a no-cost-to-you and a no-cost-to-our-city basis. The plan is to keep it that way.

You do not need to be a resident of Roland to participate, but you must be 18 or older to participate in this service. This same form will be needed to remove/change an address. For your privacy, this list will not be sold or distributed. Addresses will be entered as a Group or by use of the Blind Carbon Copy option so your address is not visible on the email.

These emails will be from City of Roland. The messages will be in the form of emails on your computer. Every precaution will be taken to verify the accuracy of information transmitted. By signing below, you agree that no one involved with this service will be held libel for the accuracy of the information and that you wish to be a part of the service.

Please Print All Information Except Your Signature.
Please complete. An adult signature and the date are required.

_____ **Sign up for service** _____ **Change of address** _____ **Remove my address**

Email Address: _____

Signature: _____

Date: _____

---- Please use the space below for additional email addresses. ----

Please direct questions/comments to city clerk Jodi Meredith and return this form to City Hall, 202 E Ash Street, PO Box 288, Roland, IA 50236, FAX it to 515 388-5595 or email to cityofroland@gmail.com.
